

## CARE AND SUPPORT WHEN IT'S NEEDED MOST

**Thank you so much for having tea in aid of  
Wigan and Leigh Hospice.**

We are a charity which provides care and support to people who have been diagnosed with a life-limiting illness which is no longer curable. The money you raise will help to provide specialist hospice care for patients in their own homes, 24/7 inpatient care, counselling, bereavement support, training and education and much more.

Wigan & Leigh Hospice

**Thanks to help from people like you  
the hospice supports over 1,100  
patients every year as well as those  
people important to them.**

We are a local charity which receives less than a third of our funding from government - we have to raise the rest.

The money you raise today will make a huge difference to people going through one of the toughest times in their lives. Thank you from everyone at the hospice - we really do appreciate your support.
