Finishing and decorating

Neatly sew the long edges together with purl side facing you.

Turn the muff inside out

Push the cuff up inside the muff body and neatly sew together the two short ends.

Decorate the Twiddlemuff using a good variety of decorations: beads, ribbons etc.

Try to include at least six decorations on the outside and four on the inside.

Make sure everything is sewn on securely so they cannot be pulled off and there are no loose threads.

Include bits and bobs on the inside too. Agitated hands can then be soothed and kept warm at the same time.
